

## The Durasport Series G-2 Luxury Original with Foldaway Steps & Towel Holder

### Lifetime HardCover

The patent-pending HardCover is molded from durable, color-coordinating resin, which is able to withstand the harshest of environments while providing the highest degree of safety, along with a unique energy-saving insulation method. The HardCover is molded hollow, then filled with a proprietary formulation of insulating foam. This foam is encapsulated within the resin cover, thus protecting it from moisture and the harsh chemical vapor barrier that forms between the water's surface and the underside of covers.

- Tested to hold over 1,000 lbs.
- Fully insulated for efficient heat retention
- Easy for an adult to open
- Won't take on water weight, odor or mold
- Limited Lifetime Warranty!
- Minimal view obstruction
- Features hidden, assisted cover lift
